Bridge brings relief for KZN learners

KZN MEC for Transport, Community Safety and Liaison Mxolisi Kaunda with local learners who now arrive on time for school.

GOVERNMENT is ensuring that children don't have to cross dangerous rivers to get to school.

Nomfundo Mcetywa

Facing crocodiles and possibly drowning while crossing UThukela Riv-

er to get to school is no longer a reality for learners in KwaDukuza and KwaMaphumulo.

This after the KwaZulu-Natal Department of Transport built two bridges

which cross the UThukela River.

The Nyakana UThukela River Bridge, which cost R89.5 million to build serves the Mankengeneni community which is locat-

ed on the northern side of the river.

The bridge links the Umzalazi and KwaDukuza local municipalities
