Steps to curb women abuse

■ President Cyril Ramaphosa officially opened the Booyens Magistrate's Court and signed the GBVF Declaration. This has been hailed as a step in the right direction in ending women and child abuse in South Africa.

President Cyril Ramaphosa has reiterated that women abuse has no place in South Africa.

"It should also have no place in our homes, at places of work, churches, schools and on the streets of our townships, on the

pathways of our villages and also in our cities and towns," President Ramaphosa said.

He was speaking at the official opening of Booyens Magistrate's Court and the signing of the Gender-Based Violence and Femicide (GBVF) Decla-

laration in Johannesburg recently.

The state-of-the-art Booyens Magistrate's Court comprises 10 courts, including four district courts, Civil Court, Family Court, Children's Court, Small Claims Court, as well as two regional courts for criminal

and sexual offences.

The declaration, on the other hand, is borne out of the National GBV and Femicide Summit, held in November 2018, in an effort to find solutions to GBV and femicide.
