EC water project brings joy

GOVERNMENT IS set to spend R1.5 billion to bring water to the people of the Eastern Cape with six different projects worth millions.

President Jacob Zuma launched the R345 million Ncorha Bulk Water Project in the Chris Hani District Municipality's Bhanti village recently.

The President said the Ncorha project alone would immediately benefit 29 villages in the district

municipality by bringing them tap water for the first time.

To date R229 million has been spent on the project, said the President.

the respective dams. The total estimated completion cost of the whole project is R345 million, said President Zuma.
