Schools to re-open in phases

SCHOOL PERSONNEL are returning to work on set dates during May to prepare for the return of Grade 7 and matric students in June, with subsequent grades being phased in over a period of time.

More Matshediso

The Department of Basic Education has revised the school calendar to keep learners and teachers safe as South Africa continues to fight the coronavirus (COVID-19) pandemic.

Basic Education Minister Angie Motshekga says the plan is that Grade 12 and 7 learners go back to school on 1 June 2020. Office-based staff returned to

work on 4 May, school management teams on 11 May and teachers on 18 May to allow sufficient time for schools to be prepared for the return of the first batch of learners.

The school calendar will be gazetted once the administrative work has been completed.

Furthermore, special arrangements will be made to permit learners and teachers who are currently in other towns or cities, provinces and/or neighbouring countries to return to
