

# Arts and Culture

## NATIONAL ARTS COUNCIL

The National Arts Council gives funds to individuals, community organisations, institutions and companies that are involved in various art forms like craft, dance, literature, music, theatre, painting, sculpture and photography. Organisations should be formally registered and should be permanent – in other words, not informal, temporary groups.

## BUSINESS ARTS SOUTH AFRICA

Business Arts South Africa is an organisation that helps artists who are involved in all the different art forms. It encourages artists who try to get sponsorships from big companies. Where a company agrees to sponsor an artist or group, BASA will make a contribution to the sponsorship. Artists who negotiate with possible sponsors may use BASA's contribution to help them gain the sponsorship.
